

CORPORATE GOVERNANCE

The Bossard Group's organizational structure derives from international standards for corporate management. The Group's corporate bodies and management follow the Directive on Information relating to Corporate Governance of SIX Swiss Exchange as well as the "Swiss Code of Best Practice for Corporate Governance" of economiesuisse.

The organizational structure of the Bossard Group is based on clear delimitation of tasks, competencies and responsibilities between the board of directors and the executive committee. The functions of the chairman of the board of directors and of the chief executive officer (CEO) are held by two different persons, so that the separation of powers is guaranteed. This report is prepared according to the Directive on Information relating to Corporate Governance (DCG) of SIX Swiss Exchange dated March 20, 2018. Unless otherwise indicated, all information applies as at December 31, 2019. The principles and rules on corporate governance are set out in the rules and regulations of Bossard Holding AG, i.e. in the articles of association of Bossard Holding AG (articles of association), in the organizational and business regulations of Bossard Holding AG (OBR), in the regulations of the board's committees, in the code of conduct and in the resolutions of the board of directors. The rules are regularly reviewed by the board of directors and adapted to current requirements (articles of association most recently in 2017 – proposed revision of the articles of association at the annual general meeting of shareholders in 2020, OBR and regulations of the board's committees most recently in 2015).

Participation and profit-sharing certificates

Limitations on transferability and nominee registrations

Limitations on share transferability

According to article 7 of the articles of association, the transfer of registered B shares is always subject to the approval of the board of directors, irrespective of the form in which these shares were issued. The board of directors may reject such a request for good reason – primarily to protect the purpose of the company and to maintain its economic independence (article 9 of the articles of association). In particular, this includes the transfer of registered B shares to a competitor and a fiduciary transfer, if the acquirer does not inform the board of directors in writing at its first request that she or he is acquiring the shares concerned in her or his own name and for her or his own account. Furthermore, the board of directors may refuse its approval if it offers to the seller or acquirer of the registered B shares that it will acquire these shares for the account of the company, other shareholders or third parties for at least their actual value at the time the request was made (article 8 of the articles of association). If there is good reason to do so, the board of directors may grant exceptions to these rules (no exceptions have been granted in the reporting year 2019). However, transfer requests containing incorrect information

must always be rejected; a new, corrected request may subsequently be submitted (article 9 of the articles of association). For the incorporation or tightening of transferability restrictions, at least two-thirds of the votes represented and an absolute majority of the represented nominal share value are required a decision. The provisions also apply for registered B shares, which are acquired (subscribed) by the exercise of subscription, option or conversion rights, and for the establishment of usufruct of registered B shares.

Nominee registrations

According to article 6 of the articles of association, the acquirer of a registered A share is entered in the share register with voting rights provided that she or he confirms that this share is held in her or his own name and for her or his own account.

Up to a registration limit of 0.5 percent of the total number of registered A shares entered in the commercial register, anyone who does not expressly state that she or he is acting on her or his own account shall be acknowledged as being a nominee with voting rights. Beyond this registration limit, anyone who makes known to Bossard Holding AG the name, address and/or registered office of the person for whose account she or he holds more than 0.5 percent of the total number of registered A shares entered in the commercial register, shall be acknowledged as being a nominee with voting rights. Otherwise the acquirers of registered A shares shall be acknowledged or registered as shareholders without voting rights. The board of directors makes the necessary arrangements for the acknowledgement and registration of acquirers of registered A shares, and particularly also of nominees. These provisions also apply to registered A shares that have been acquired by exercising subscription, option or conversion rights as well as to the creation of rights of usufruct to registered A shares.

Outstanding bonds and options

Bossard Holding AG currently has no bonds or convertible bonds outstanding. Information on conditional rights to receive registered A shares of Bossard Holding AG (outstanding options resp. Restricted Stock Units/RSUs) according to the man-

agement participation plan that is offered to selected members of the management of the Bossard Group is disclosed in the compensation report (section 6) and in note 19 of the financial report. Further detailed information can be accessed on the electronic publication platform of the SIX Swiss Exchange via the following link:

Patricia Heidtman and David Dean were newly elected to the board of directors.

Other activities and vested interests

Dr. Thomas Schmuckli, Anton Lauber and Martin Kühn were proposed for election by the majority voting rights shareholder, Kolin Holding AG, Zug, and were elected to the board of directors of Bossard Holding AG. Dr. Thomas Schmuckli is a member of the Bossard family, which has 100 percent control over Kolin Holding AG. The members of the board of directors do not perform any activities outside of the Bossard Group other than the mandates listed on pages 44 to 49 and therefore do not have any significant business relationships with Bossard Holding AG or one of the subsidiaries. Furthermore, they do not have any other significant external interests.

Allowed number of mandates

According to article 44 of the articles of association, a member of the board of directors may at the same time take on a maximum of 15 mandates outside the Bossard Group, of which a maximum of five may be in listed companies and an additional ten mandates which she or he exercises pro bono. If the mandates assumed relate to legal entities that belong to the same group or are similarly related in terms of management, these mandates are considered a single mandate. There are no restrictions on the number of mandates (i) for mandates assumed in legal entities that are directly or indirectly controlled by Bossard Holding AG or that directly or indirectly control Bossard Holding AG, or (ii) if, in exercising the function for the Bossard Group, a mandate in another, related legal entity is exercised. The actual number of additional mandates are listed on pages 44 to 49.

Elections and terms of office

According to the articles of association, the board of directors consists of at least five members. The chairman of the board of directors and the other members of the board of directors are elected by the annual general meeting of shareholders for a period of one year (until the next ordinary annual general meeting of shareholders is held). Members are elected on an individual basis. The annual general meeting of shareholders also elects the chairman of the board of directors. There are no statutory limits to the term of office; members may be re-elected. According to the OBR, however, a member of the board

of directors shall offer to step down at the annual general meeting of shareholders following her or his 70th birthday. Each category of shareholders, namely the holders of registered A shares as a group are entitled to one seat on the board of directors. Having been elected for the first time in 2011, Prof. Dr. Stefan Michel was re-elected in 2019 as the representative of the holders of registered A shares (he was elected for the first time in this role in 2014); holders of registered B shares with voting rights did not take part in this election. Generally speaking, the majority of board members should be external members with no executive functions in the company. David Dean exercised executive functions in the 2019 reporting year. Internal organization

Allocation of duties within the board of directors

The board of directors of the Bossard Group is ultimately responsible for the Group's business policy and management. It is the company's highest management body and is entitled to make decisions on all matters which, by law, through the articles of association and/or under the regulations of Bossard Holding AG, are not the responsibility of the annual general meeting of shareholders, or which it has not transferred to other bodies through regulation or decision.

The board of directors has the following non-transferable and inalienable main tasks (article 23 of the articles of association):

- ultimate direction of the company, namely establishing the goals and policy, defining the resources available for same and the priorities, and issuing the instructions required for implementation
- determining the organizational structure
- defining finance and accounting as well as financial planning and control
- appointing and dismissing the CEO and other members of the executive committee and adopting provisions governing authorized signatories
- maintaining ultimate supervision of the CEO and other members of the executive committee
- exercising rights of participation from and to shareholdings/investments
- drawing up the annual report and the compensation report, preparing the annual general meeting of shareholders and implementing its resolutions
- notifying the judge in the event of excessive indebtedness
- adopting resolutions on subsequent payment of capital with respect to not fully paid-up shares
- adopting resolutions regarding the approval of capital increases and the resulting amendments to the articles of association

Committees

To assist it in its duties, the board of directors has established three permanent committees:

- the audit, risk & compliance committee (ARCC)

- the nomination committee (NC)
- the compensation committee (CC)

These committees prepare specific issues for discussion by the board of directors. The overall intrinsic responsibility of the board of directors is not affected by the activities of these committees or by any delegation of tasks to them. Ad hoc committees can be formed to deal with specific or time-limited projects or issues. Currently, Anton Lauber provides support with innovation and Maria Teresa Vacalli together with the audit, risk & compliance committee provides support with IT development. Unless otherwise stipulated by the articles of association, the board of directors defines the composition, duties, competencies and compensation for these committees in the relevant regulations, which are periodically reviewed by the respective committee and are amended in accordance with any proposed amendments submitted to the board of directors by the latter. With exception to the CC, the board of directors may dismiss any of the committees it has appointed at any time.

Certain duties and competencies are assigned to the chairman of the board of directors alone.

The board of directors has additionally delegated operational management and overall leadership of the Bossard Group as well as the related duties and competencies to the CEO. In turn, the CEO is authorized to arrange further delegation.

Detailed information on the division of duties within the board of directors can be found in the OBR, which is available via the following link: www.bossard.com/en/about-us/investor-relations/corporate-governance/organization-regulations/

Working methods of the board of directors

The board of directors normally meets six to eight times per year, but is available to discuss matters at short notice should this be required. A member of the board of directors may request that additional meetings be convened by providing written justification to the chairman of the board of directors. The duration of board and committee meetings depends on the respective agenda. In 2019, a total of five full-day board meetings were held, as well as a three-

day retreat and two conference calls. The board of directors holds a retreat once a year, which lasts for several days and is used for analyzing the strategic risk/opportunities mix and for fundamentally reviewing the strategy and its development. In 2019, this three-day retreat was held in Shanghai, China. The board of directors met with representatives of the expanded executive committee to actively discuss the procurement market in Asia, the market region Asia and the opportunities and possibilities offered to the Bossard Group. The focus was drawn to the organization and the Asian sales and procurement market, each with an emphasis on China. Apart from its regular meetings, the board of directors is given monthly updates on the Bossard Group's financial development.

3) Participation in the first three meetings in 2019 as a guest in her role as future member of the board of directors

4) Participation in the first three meetings in 2019 in his former function as CEO of the Bossard Group

The chairman invites the members to the meetings in writing, enclosing the agenda and any relevant documents. The invitations are sent out at least seven days before the meeting. Each member of the board of directors may request the chairman to add further items to the agenda. The meeting is presided by the chairman of the board or, in his absence, by the deputy chairman. The board of directors is quorate if the majority of its members is present. The board of directors makes decisions based on an absolute majority of the votes cast. Each member of the board of directors has one vote. If a vote is tied, the chairman has the casting vote. Minutes must be taken detailing the negotiations and decisions of the board of directors; these minutes must be approved

by the board of directors. In particularly urgent cases the chairman may require the board to reach a decision by conference call. Such decisions must be included in the minutes of the next board meeting. To ensure that the board of directors receives sufficient information to reach decisions, it invites the CEO, the CFO and – if necessary – other members of the executive committee, members of staff or third parties to attend meetings.

The chairman, the CEO, the CFO and other representatives of the executive committee meet regularly to discuss fundamental corporate matters. These include the Group's strategy, medium-term financial, operational and succession planning, organizational issues and market consolidation. If there is a conflict of interests, the board or executive committee members concerned abstain from voting.

The board of directors evaluates and assesses its own performance at regular intervals (most recently in January 2020) – of each individual member as well as of the board as a whole – and determines, if necessary, actions to take to improve the in- and output.

Composition/working methods of the board's committees

The functions of the three permanent board committees are primarily analytical, advisory and supervisory. They also have decision-making authority in certain individual cases.

As at December 31, 2019, the members of the ARCC were Dr. René Cotting (chairman), Dr. Thomas Schmuckli, Martin Kühn and Maria Teresa Vacalli. The ARCC meets at least three times per year: in the summer, to define the scope and key points of the annual audit with the audit company, in late fall to discuss the findings from the main audit and the existence and effectiveness of the internal control system (ICS), and in February, to discuss the result of the audit of annual accounts. These meetings are attended by the chairman of the board of directors (unless she or he is already a member of the ARCC), the CFO, the Group controller and at least one representative of the external auditors. The CEO, other members of the executive committee and other persons (internal or external) may be invited to attend the meetings, depending on the agenda. The minutes of these meetings are circulated to all members of the board of directors, the CFO and the CEO, as well as to those who attended the meeting. In addition, the ARCC regularly reports on its activities to the board of directors at meetings of the latter. In 2019, the ARCC held three meetings. On average, the meetings lasted half a day. The ARCC ensures that the board of directors is informed of all matters that could significantly impact the financial situation of the Bossard Group and the business environment. The primary duty of the ARCC is to support the board of directors in its ultimate supervisory role and in its financial management

activities. In particular, with the assistance of the external auditor it reviews the structures and processes in the area of finance and accounting, thus ensuring that financial reporting and audit activities are transparent and comply with the related legislation. The ARCC also evaluates the effectiveness of the ICS, risk management and compliance with tax-related and other statutory and regulatory provisions as well as corporate ethics. Furthermore, the ARCC works closely together with the external auditor and evaluates the performance, independence and remuneration of the external auditor. The board of directors has drawn up in the rules and regulations of the audit, risk & compliance committee the detailed regulations on the areas of activity and competencies of the ARCC. To date, the board of directors has refrained from creating an internal audit unit.

Compliance

The board of directors is kept continuously informed of all major matters affecting the compliance principles. The statutory auditors additionally inform the board of directors on reports it has received on matters of a legal nature. An evaluation of such reports received in 2019 did not reveal anything new but confirmed what the board of directors already knew. Ultimate supervision of compliance matters rests with the board of directors.

Nomination committee (NC)

The NC consists of at least three members elected by the board of directors from among its members, for a period of office lasting from one ordinary annual general meeting of shareholders until completion of the next ordinary annual general meeting of shareholders. As at December 31, 2019, the members of the NC were Dr. Thomas Schmuckli (chairman), Prof. Dr. Stefan Michel, Patricia Heidtman and Anton Lauber. The NC meets as required, but at least twice a year. In 2019, the NC met twice; these meetings lasted each three hours. In addition, one conference call was held.

Division of responsibility

The division of responsibility between the board of directors and the executive committee is defined in the OBR in accordance with article 23, paragraph 2 and article 25 of the articles of association. These describe the non-transferable and inalienable duties which are vested in the board of directors by law, and also govern the duties and powers of the executive committee. The OBR define the duties and competencies of the board of directors, the chairman of

the board of directors and the CEO. The CEO is entitled to delegate tasks.

Furthermore, the OBR lay down the procedures to follow in the event of a conflict of interests: a member of the board of directors and/or executive committee must abstain from voting if matters are discussed which touch on that member's personal interests or the interests of an individual or legal entity associated with the member.

Regulations on the division of responsibility are set out in the OBR. These are available via the following link: www.bossard.com/en/about-us/investor-relations/corporate-governance/organization-regulations/

Information and control instruments with regard to the executive committee

The board of directors ensures that the executive committee establishes and maintains an internal control system (ICS), which is adapted to the dimensions of the Bossard Group and the risks involved in its business activities. The external auditors review the existence of the ICS as part of its annual audit and submit an annual report to the board of directors. The company renounces from carrying out its own internal audit at present.

Each member of the board of directors may request information concerning all matters relating to Bossard Holding AG. The board of directors receives monthly updates on the Group's financial development. It receives a written monthly report consisting of the income statement, various balance sheet items and the main key figures. The information is based on the internal management information system and includes the current and budget data as well as regular projections based on current trends and expectations.

This written report is supplemented at each board meeting by verbal reports from the executive committee. In special cases the CEO informs the board of directors about the specific issue promptly in writing and/or verbally. The chairman of the board of directors also maintains regular contact with the CEO and the CFO and is informed by them about all business transactions and matters of fundamental importance.

Outside the meetings of the board of directors, each member can request information from persons responsible for management concerning the course of business and, with authorization from the chairman, individual transactions.

Compensation, participations and loans

This information is provided in the compensation report.

Shareholders' participation rights

Shareholders' participation rights are defined solely according to the Swiss Code of Obligations (OR) and the articles of association. The articles of association are available on the Bossard website via the following link:

www.bossard.com/en/about-us/investor-relations/corporate-governance/articles-of-association/

Voting right restrictions and representation (articles 16 to 18 of articles of association)

Registered B shares are voting right shares. At the annual general meeting of shareholders each share registered with voting rights is entitled to one vote. The voting rights for registered A shares may be exercised by anyone entered in the share register as the owner or beneficiary. A shareholder entitled to vote can have her- or himself represented at the annual general meeting of shareholders by the independent proxy, or – with written power of attorney – by any other person. Legal representatives do not require a written power of attorney. In the invitation to the annual general meeting of shareholders, the board of directors shall make known the date by which the shareholders may issue their powers of attorney and instructions to the independent proxy, including by electronic means. Shareholders can issue a special instruction to the independent proxy for each motion announced on the agenda sent out in the invitation.

Shareholders may issue general instructions to the independent proxy for other motions on agenda items proposed at the annual general meeting of shareholders as well as for motions for convening extraordinary general meetings without any agenda and the performance of a special audit. The independent proxy is obliged to exercise as instructed the voting rights that have been transferred to her

or him by the shareholders. If she or he has not received any instructions, she or he shall abstain from voting.

The measurement of voting rights by the number of shares with voting rights is not applicable for:

- electing the external auditor
- appointing experts to review the management of the business or individual parts thereof
- making decisions on the initiation of a special audit
- making decisions on the filing of a liability claim

Statutory quorum (article 19 of articles of association)

The annual general meeting of shareholders makes its decisions and holds its elections with an absolute majority of the valid votes cast, provided there are no legal provisions or provisions in the articles of association to the contrary. In a second ballot, the relative majority decides the outcome.

At least two-thirds of the votes represented and an absolute majority of the represented nominal share value are required for decisions on:

- a change to the corporate purpose
- an increase in the voting power of existing voting shares and the issue of new shares with more extensive voting privileges than those of existing voting shares
- the introduction of more stringent transferability restrictions
- an approved or conditional capital increase
- a capital increase from equity, subscribed in kind or for granting special privileges
- the restriction or withdrawal of subscription rights
- the relocation of the company domicile
- the dissolution of the company

Decisions and elections are generally settled by open ballot. A secret ballot or election is held if required by the chairman or if one or more shareholders who together hold at least 10 percent of the represented voting shares request it.

Convocation and listing of agenda items for the annual general meeting of shareholders (articles 12 and 13 of articles of association)

The ordinary annual general meeting of shareholders is held each year at the latest four months after the end of the financial year. It is convened by the board of directors by announcing the venue, date and time of the meeting and the invitation is published at least 20 calendar days before the meeting, along with the agenda, motions and the required form of proving share ownership.

One or more shareholders who together represent at least 10 percent of the share capital, can request the board of directors to convene a general meeting of shareholders.

Inclusion of items on the agenda

Shareholders themselves or collectively representing shares with a nominal value of at least CHF 1 million are entitled to have an item placed on the agenda. By publication in the Swiss Official Gazette of Commerce (Schweizerisches Handelsamtsblatt/SOGC) at least 20 calendar days before the publication of the invitation for the ordinary annual general meeting of shareholders, the board of directors requests the shareholders, that are fulfilling the mentioned requirements, to submit any items to be placed on the agenda with the respective motions within the time stated.

Entry in the share register (article 5 of articles of association)

The company keeps a share register in which owners and beneficiaries are inscribed with their names and addresses. The company must be notified of any change of address. Until this notification is received, all information for registered shareholders must be sent to the legally valid address entered in the share register.

In the invitation to the annual general meeting of shareholders, the board of directors announces the date by which an entry in the share register must be made in order to attend the meeting and vote.

Entry in the share register is subject to advance proof that ownership of the registered A shares was ac-

quired or that usufruct has been granted (the conditions for transfer of ownership and the registration requirements for registered B shares are governed by articles 7 to 9 of the articles of association). Shareholders are entered with voting rights if they expressly declare that the shares in question are held in their own name and for their own account.

The company only recognizes a person as a shareholder or beneficiary if this person is registered as such in the share register.

The voting right and the associated rights may only be exercised by the person registered in the share register as having voting rights.

The board of directors can delete entries made on the basis of false information by the acquirer. It will implement this measure within one year, backdated to the date of the entry, after receiving definite information about the error and hearing the person concerned. The person concerned must be notified of the deletion immediately.

Changes of control and defense measures

Duty to make an offer

According to FMIA, anyone, who directly or indirectly or acting in concert with third parties, acquires shares and thereby exceeds the threshold of 33 1/3 percent of the voting rights of Bossard Holding AG must make a takeover offer for all outstanding shares. Bossard Holding AG has waived its opportunity to modify (opting-up) or dispense (opting-out) with this regulation.

Clauses on changes of control

The employment agreement for members of the executive committee does not contain any clauses on changes of control. The Group does not provide golden parachutes for its senior management.

The period of notice for members of the executive committee is between six and twelve months, during which time they are entitled to receive salary and bonus payments. If the company changes hands or goes into liquidation, all share options (RSUs) held

under the management participation plan become due immediately.

Auditors

Duration of the mandate and term of office of the lead auditor

PricewaterhouseCoopers AG, Zurich, has been the statutory auditor for Bossard Holding AG since 1986 and audits the annual financial statements and the consolidated financial statements. The statutory auditors are elected by the annual general meeting of shareholders for a term of one year. The auditor in charge is Bruno Häfliger, Swiss certified public accountant, who has been responsible for the auditing mandate since the 2017 financial year. A new auditor in charge is appointed every seven years, with the next changeover due in 2024.

Fees for the statutory auditor

In the 2019 financial year, PricewaterhouseCoopers AG received fees of CHF 687,677 (2018: CHF 724,722) for auditing services, CHF 27,989 (2018: CHF 32,422) for tax consulting and CHF 115,637 (2018: CHF 41,376) for other consulting services.

Information and control instruments towards the statutory auditor

The ARCC meets at least three times per year to discuss plans for the annual and Group audit, the results of the interim audit and the year-end financial statement, as well as other business. The management letters from the statutory auditor form the basis for discussion of the interim audit and the year-end financial statements. The ARCC assists the board of directors with its supervision of the statutory auditors. The ARCC's main responsibility is to propose the statutory auditors, to review their qualifications, independence and performance annually, to approve the auditing fee and to review the accounting principles as well as the annual financial report. The committee annually reviews the scope of the audit, the auditing plans and the related procedures, and discusses the results of the audit with the auditors.
